Forestville Union School District Transportation Plan 2025-26

Transportation Services:

1. *Enter description of transportation services offered to pupils, and how it will prioritize planned transportation services for pupils in transitional kindergarten, kindergarten, and any of grades 1 - 6 inclusive and pupils who are low income. Plan may provide for the LEA to partner with a municipally owned transit system to provide services to middle and high school students. An LEA may provide no-cost transit passes to students. LEA to partner with a municipally owned transit system to provide services to middle and high school students.*

Forestville Union School District provides no-cost transportation to all of its enrolled students. Forestville Union School District contracts with the West County Transportation Agency which is a public, Joint Powers Agreement or Agency formed by participating school districts and contracted to provide safe, child-centered, economical, and coordinated home-to-school and school-to-home free transportation.

Students shall receive a packet of school transportation safety and ridership information at least once when they are enrolled in school (Education Code Section 39831.5). The parent packet of school bus safety information is included in this plan, is updated annually, and is included in the district's back to school parent information. Regular home-to-school bus route schedules are posted on the West County Transportation Agency website at www.schoolbusing.org, prior to the beginning of the school year in August. Although bus routes and stops change infrequently, occasionally notices are sent to schools or given directly to students when changes are made. Any questions regarding any revised bus schedules should be directed to the Routing Department at West County Transportation Agency. Routes are identified by a number and will be located next to the entrance door on each bus. Students need to have a designated school bus stop, and any student who wishes to ride another bus or travel to a different bus stop must have a signed permission note from a parent and be approved by the school site. Students without such a note will be allowed to leave the bus at their regular stop only, or will be returned to school. If there is not a bus stop located in close proximity to a student's home, one may be established by calling West County Transportation Agency Supervisor of Dispatch and Routing at 707-206-9988 and approval from the District Superintendent or designee. Students newly enrolling in school shall be assigned a bus stop by a School or Agency official. Special education students are assigned their bus stop location when service is requested. WCTA staff will notify the family of the bus stop location before service begins. General education students are issued a bus pass that identifies the student and ridership eligibility. The bus pass shall be carried with the student at all times. Bus stop times may slightly change or vary depending on ridership changes made in the first couple of weeks of school. Drivers make a point to notify students and parents/guardians of any changes. Buses never leave the bus stop location prior to the posted time.

FORESTVILLE

UNION SCHOOL DISTRICT
